MEMORANDUM FOR: Deputy Director for Management and Services
SUBJECT : Weekly Report

25X1A 1. [REDACTED] an OC Engineer on a one year tour
25X1A [REDACTED] under the President's Executive Interchange
Program, met the DDCI at 1600 hours 28 March prior to their attend-
ing a dinner hosted by Vice President Ford later in the evening.

25X1A 2. [REDACTED] We are continuing to work closely with the
25X1A White House Communications Agency [REDACTED] request for a
25X1A [REDACTED] Washington hot line. It now appears that the [REDACTED]
25X1A will agree to a commercial lease for primary communications
with Agency supported HF-RTTY for backup. A third considera-
tion is to use commercial telephone circuitry with an acoustical
coupler. Circuit routings have not been resolved as yet. In
a related phase of Agency communications support [REDACTED]
a DDO representative escorted the visiting [REDACTED] Communications
people [REDACTED] to discuss VHF communications. At the DDO
officer's request [REDACTED] demonstrated the RS-523 VHF Voice
privacy transceiver. We are reviewing the RS-523 program to
determine what, if any, impact this demonstration may have on
operational use of the RS-523, which has previously been released
to at least [REDACTED] Yet another aspect of
this requirement is the demonstration being given [REDACTED]
[REDACTED] of the VADAC-3 vocoder. This is being done under OC
auspices.

25X1A 3. [REDACTED] An HF circuit was activated between [REDACTED]
25X1A and [REDACTED] and patched to the White House for WHCA use in
25X1A support of the [REDACTED] recent visit. We have been
25X1C advised that the circuit operated smoothly.

25X1A 4. [REDACTED] The [REDACTED] went on 25X1C
25X1C 24 hour coverage [REDACTED] due to the kidnapping of a [REDACTED]
25X1C [REDACTED] Coverage was then cut back to 19 hours.

25X1A 5. [REDACTED] Radio Base [REDACTED] sent its
25X1A final message on 26 March 1974 marking the end of nearly 25
years of operation.

25X1A 6. [REDACTED] The shielded enclosure for OEL has been com-
pleted.
